

## CORRECTION du mardi 7 avril - CM1

Grammaire :

Exercice 1 :

- a. confortablement n'est pas un adverbe de lieu mais c'est un adverbe de manière.
- b. demain n'est pas un adverbe de manière, mais un adverbe de temps.
- c. dessous n'est pas un adverbe de temps, mais un adverbe de lieu.

Exercice 2 :

- a. là      b. calmement      c. beaucoup      d. volontiers

Calcul :

The image shows four handwritten multiplication problems on grid paper, each with a vertical line separating the main multiplication from an addition. Green arrows and brackets indicate the decomposition of the multiplier into a single digit and a number.

Problem 1:  $726 \times 5 + 1 = 3630 + 1 = 3631$ . The handwritten work shows  $726 \times 5 = 3630$  and  $3630 + 1 = 3631$ .

Problem 2:  $1536 \times 8 + 0 = 12288 + 0 = 12288$ . The handwritten work shows  $1536 \times 8 = 12288$  and  $12288 + 0 = 12288$ .

Problem 3:  $1863 \times 4 + 3 = 7452 + 3 = 7455$ . The handwritten work shows  $1863 \times 4 = 7452$  and  $7452 + 3 = 7455$ .

Problem 4:  $2456 \times 6 + 2 = 14736 + 2 = 14738$ . The handwritten work shows  $2456 \times 6 = 14736$  and  $14736 + 2 = 14738$ .
