LES ANIMAUX

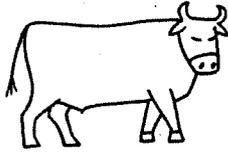

S'interroger sur la diversité de la vie animale.

1. Relie les 6 familles avec 6 couleurs différentes.

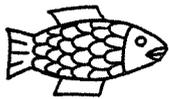

Certains petits sortent vivants du ventre de leur mère : ce sont des **mammifères**. D'autres sortent vivants d'un œuf.

2. Dessine un œuf à côté des femelles qui pondent.

MÂLE

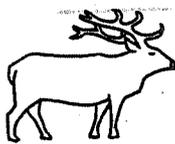

• taureau •

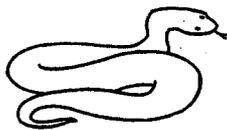

• poisson •

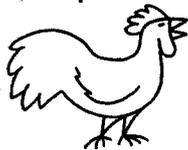

• canard •

• cerf •

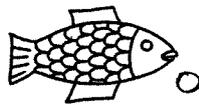

• serpent •

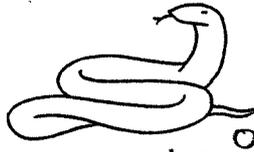

• coq •

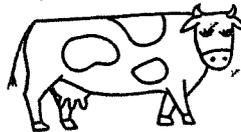

FEMELLE

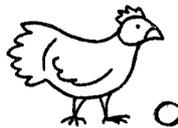

• poisson •

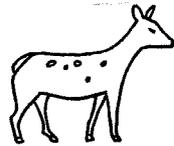

• serpent •

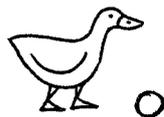

• vache •

• poule •

• biche •

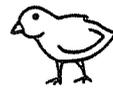

• cane •

PETIT

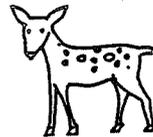

• caneton •

• poussin •

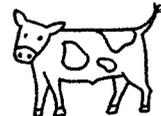

• poisson •

• faon •

• serpent •

• veau •

3. Souligne en bleu les noms d'animaux qui nagent, en vert ceux qui volent, en rouge ceux qui marchent ou courent, en jaune ceux qui rampent.
