

BONJOUR

La chenille et le papillon

La chenille et le papillon

La chenille rampe sur un tronc,
dos rond,
dos long.

La chenille fait son cocon,
se roule
en boule.

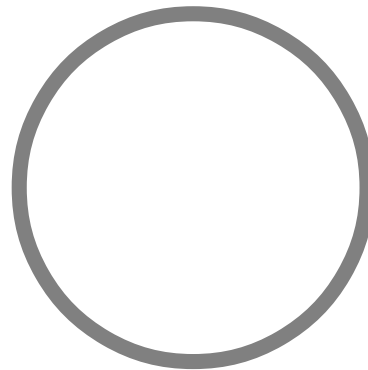

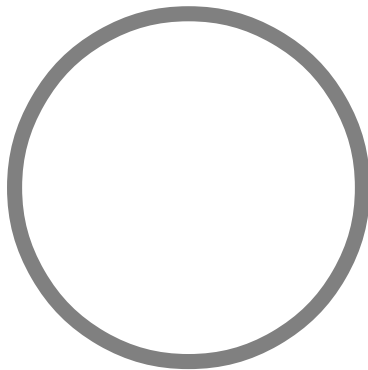

La chenille ouvre son cocon,
respire,
s'étire.

Elle est devenue papillon,
ouvre ses ailes,
vole vers le ciel.

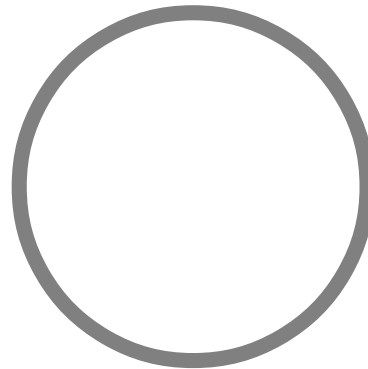

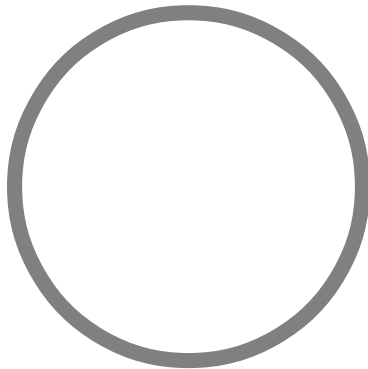

O fait un rond
avec sa bouche ooooo.

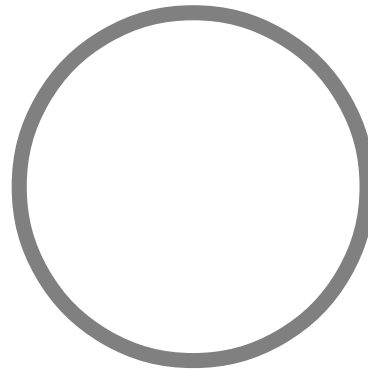

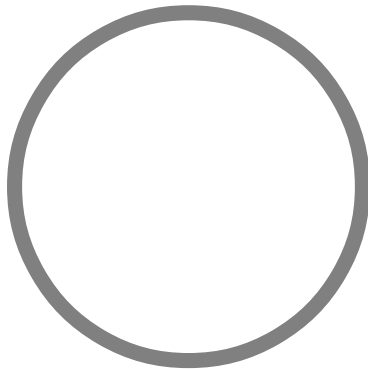

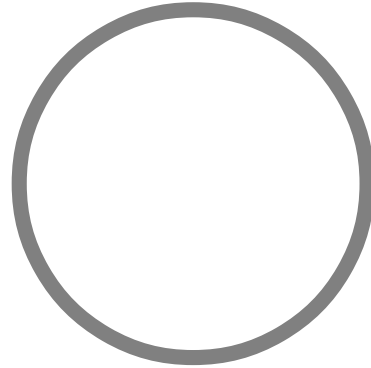

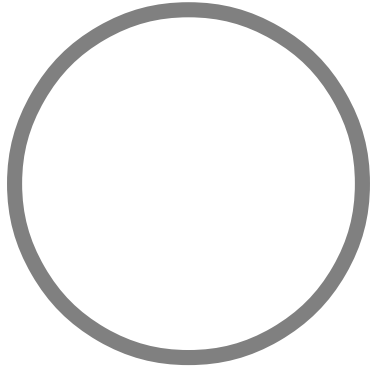

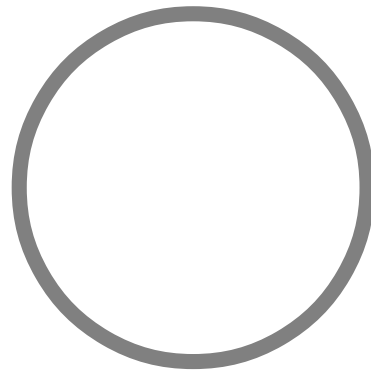

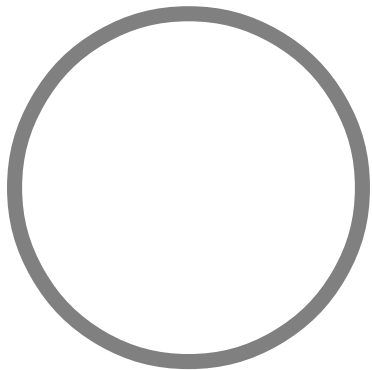

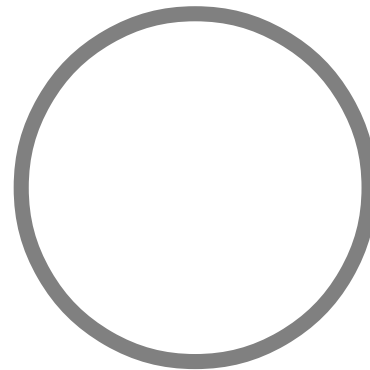

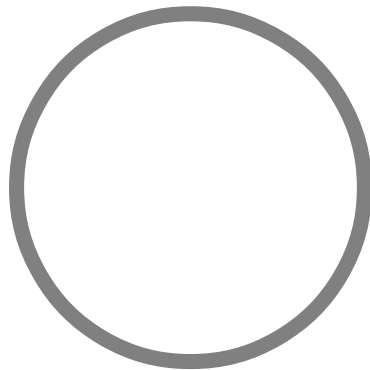

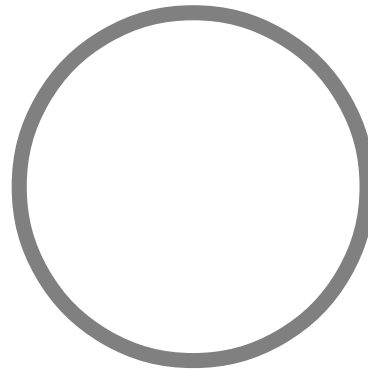

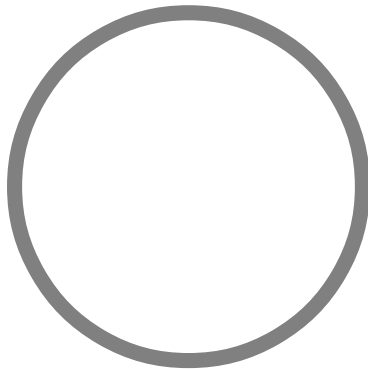

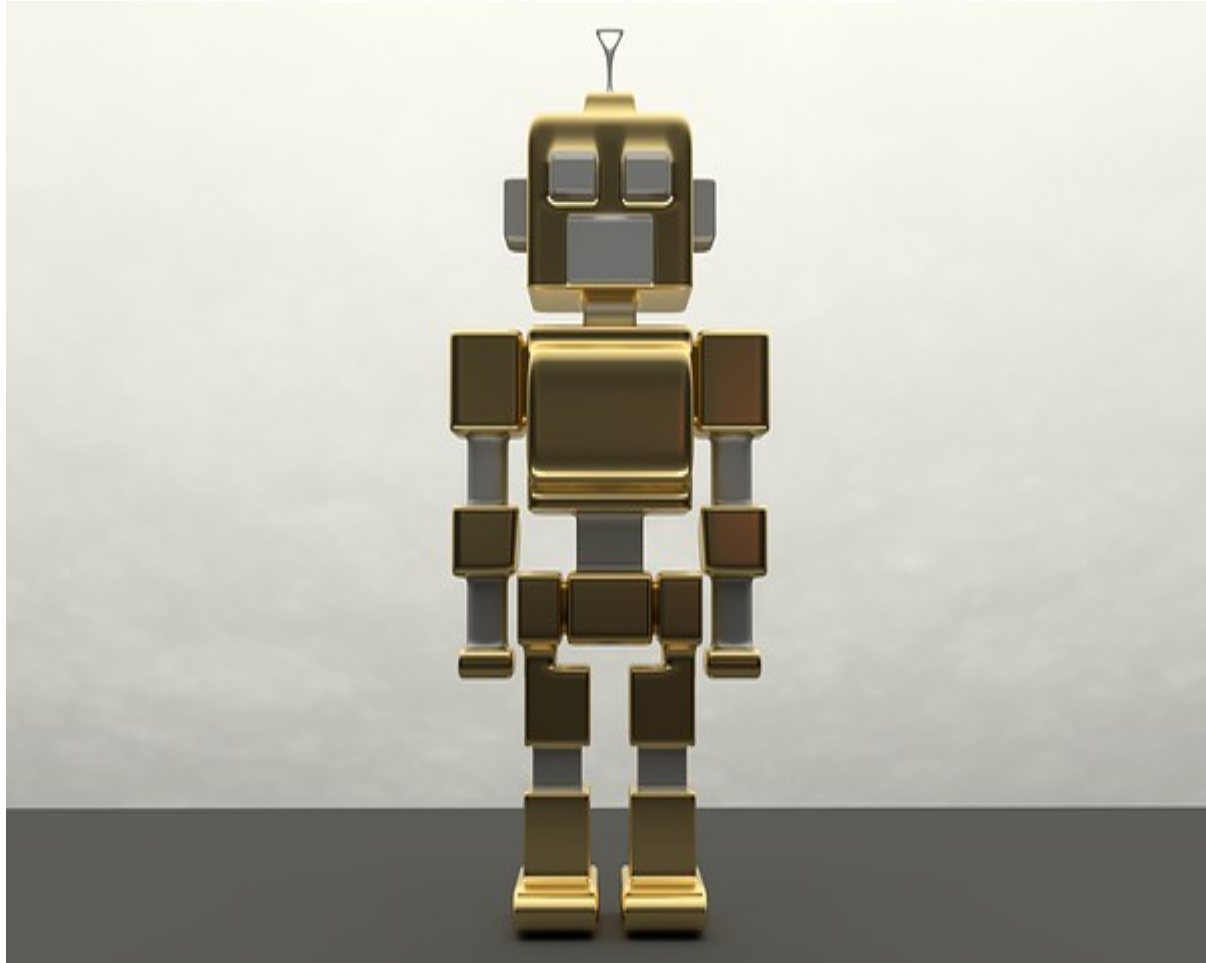

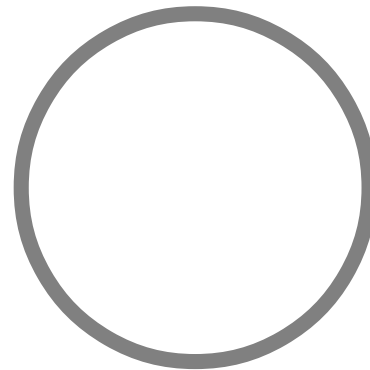

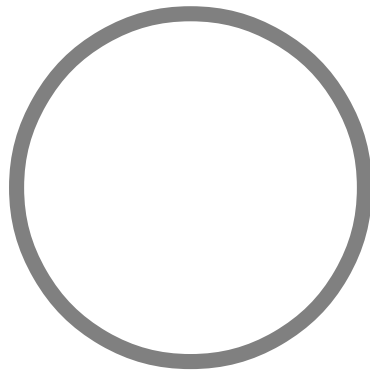

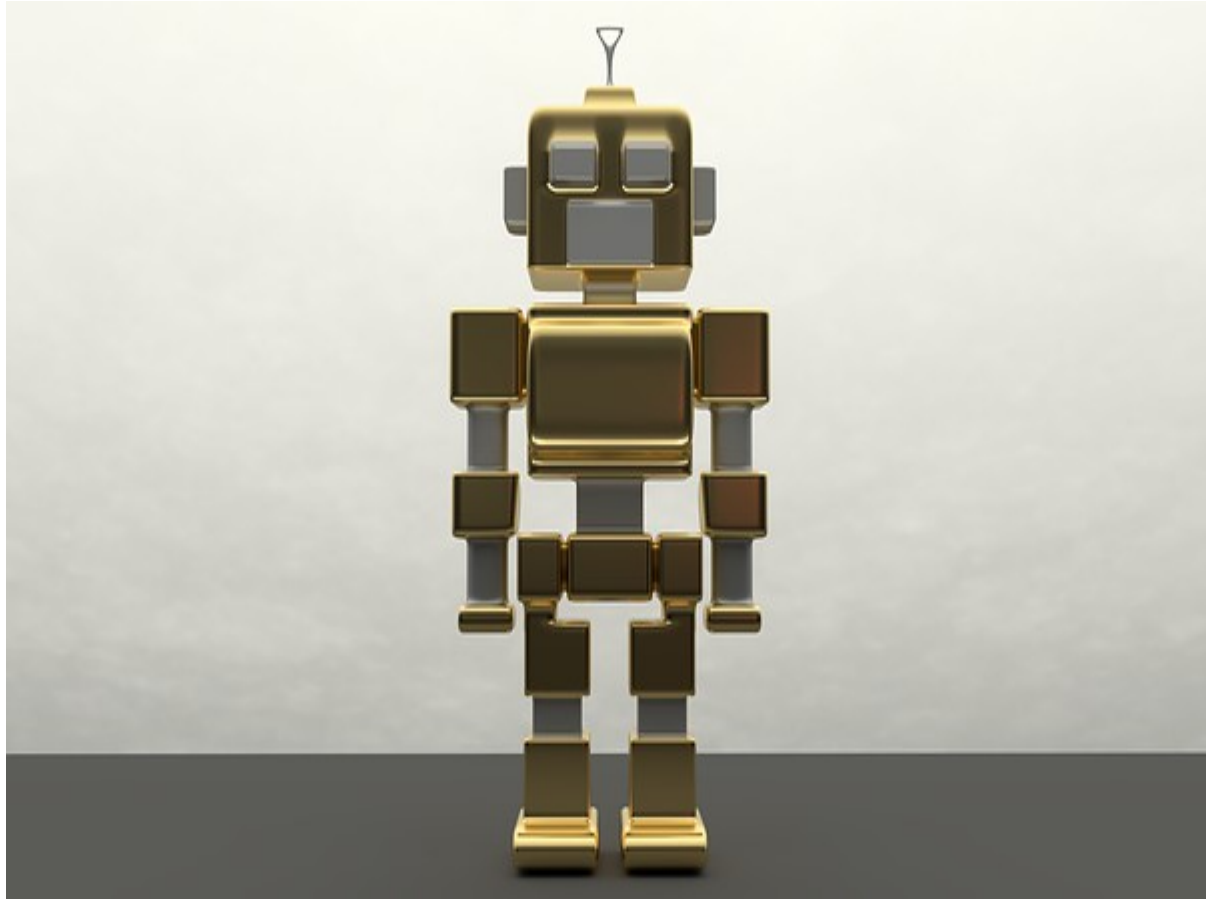

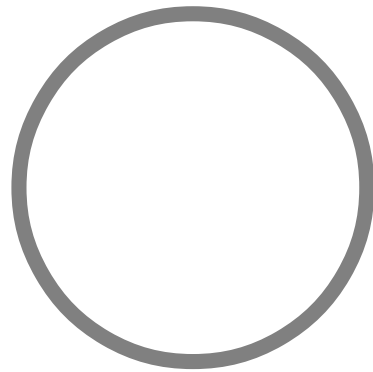

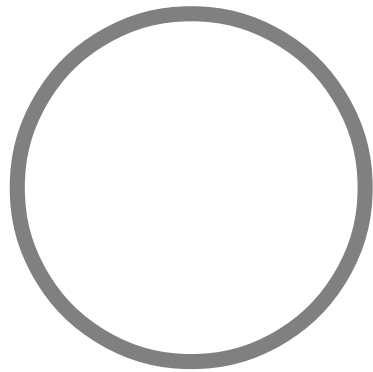

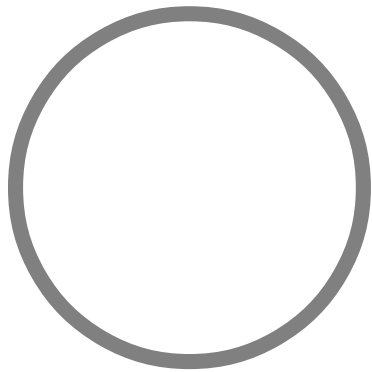

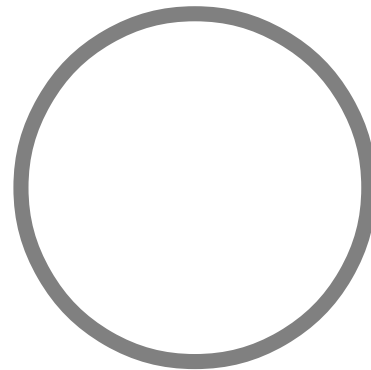

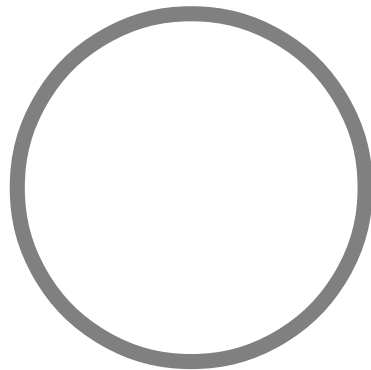

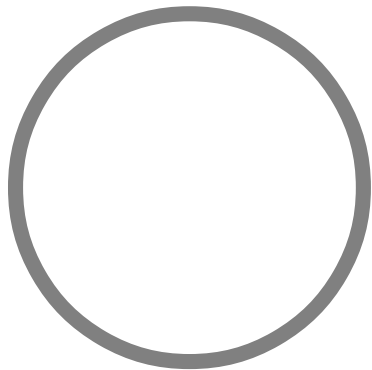

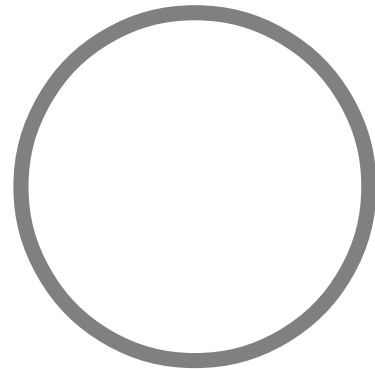

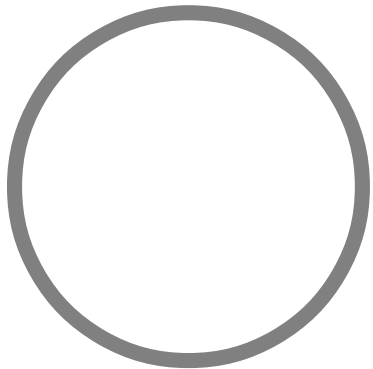

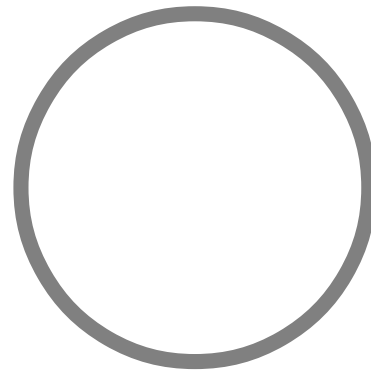

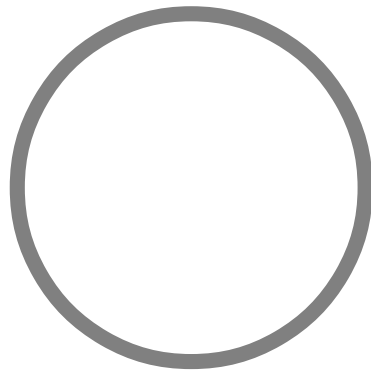

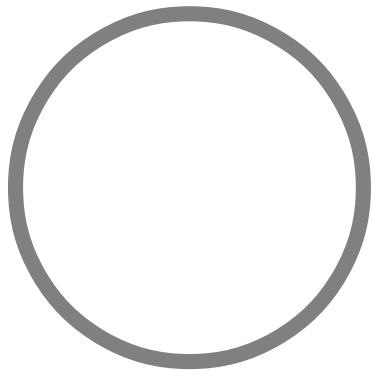

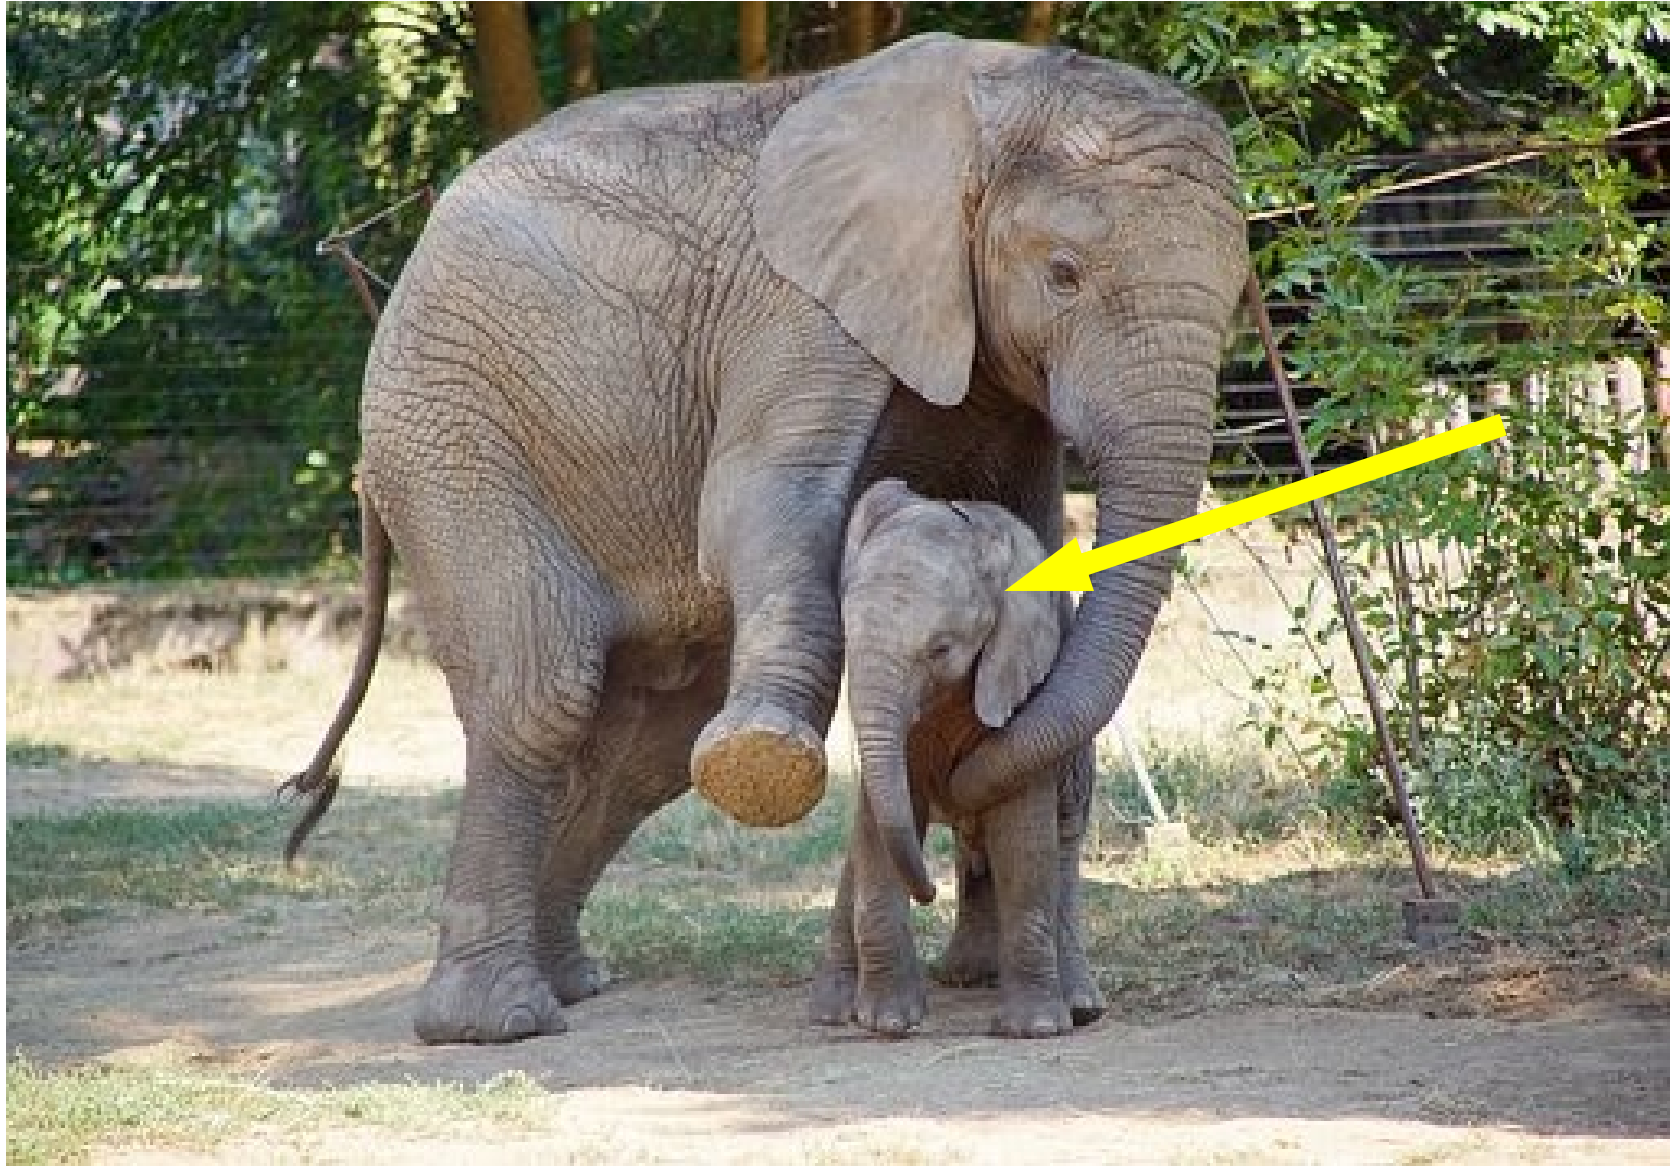

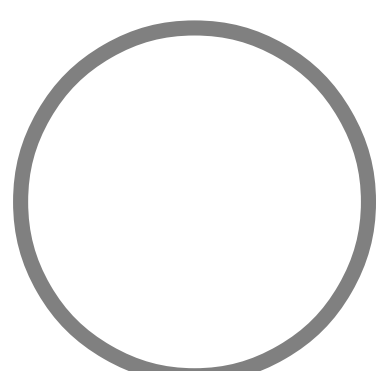

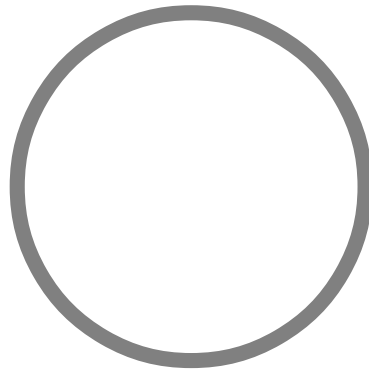

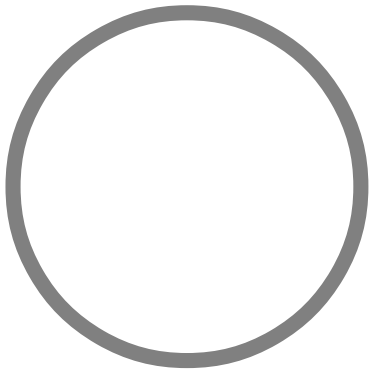

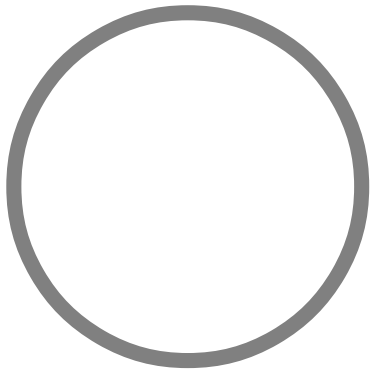

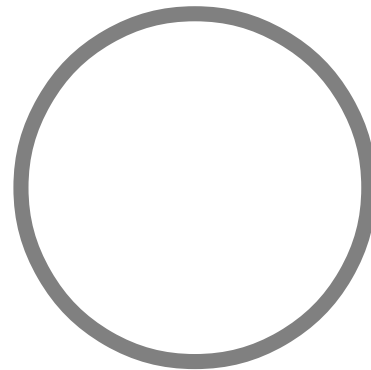

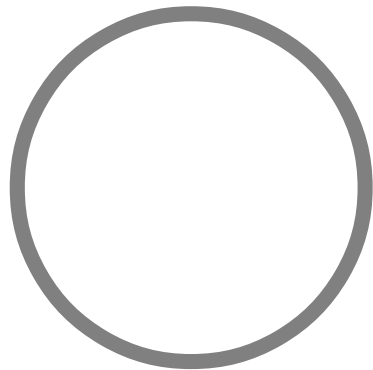

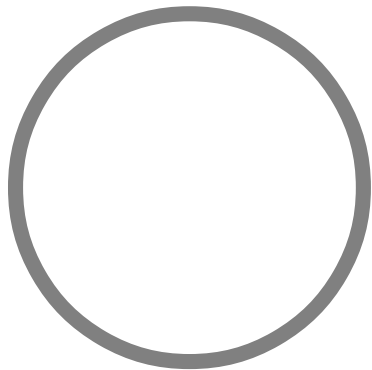

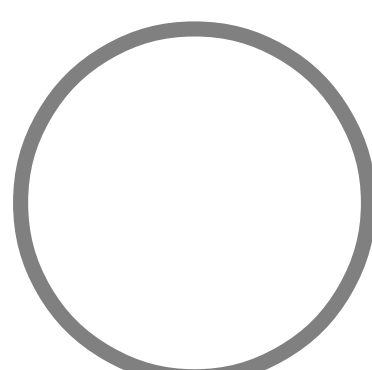

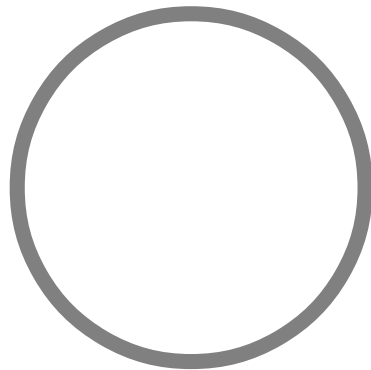

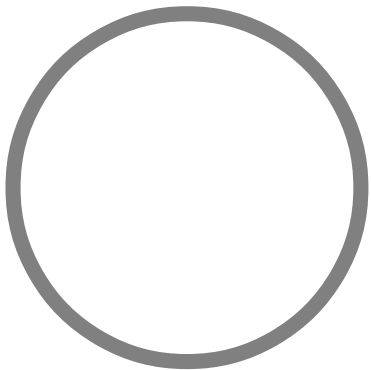

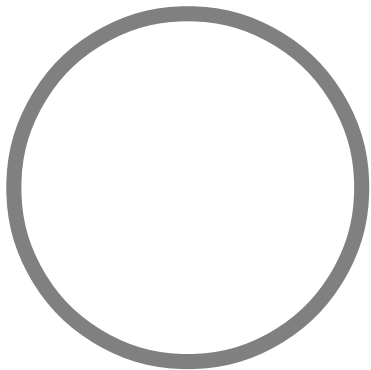

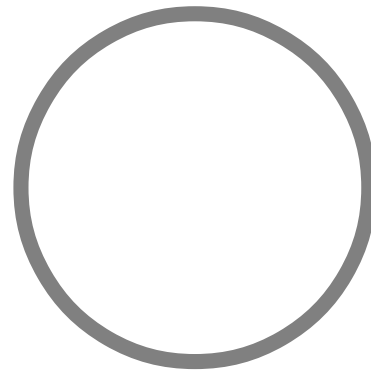

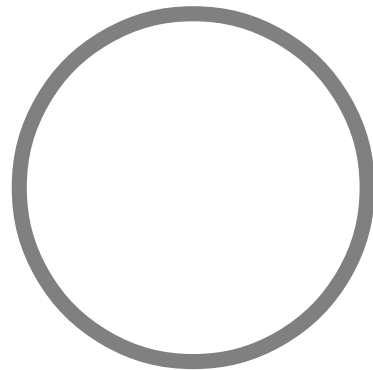

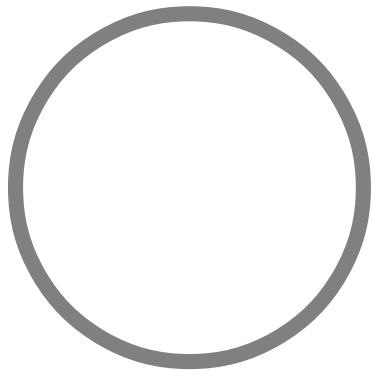

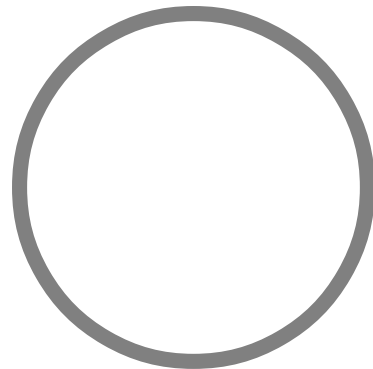

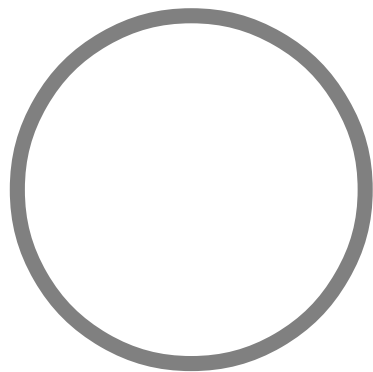

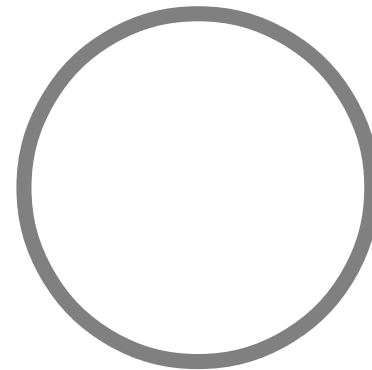

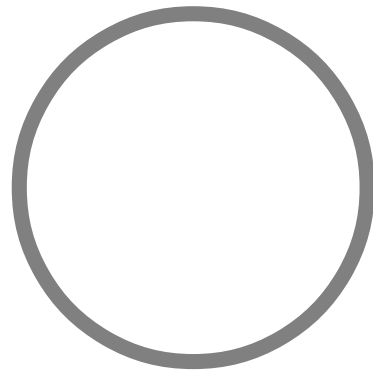

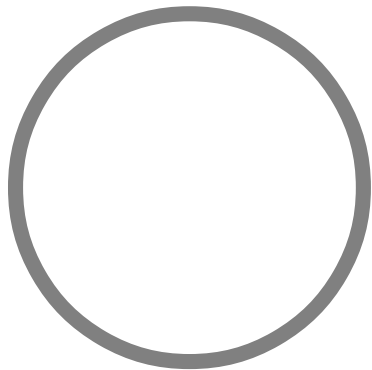

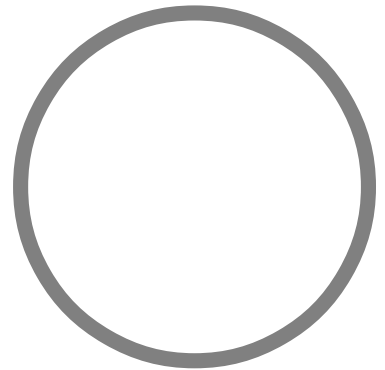

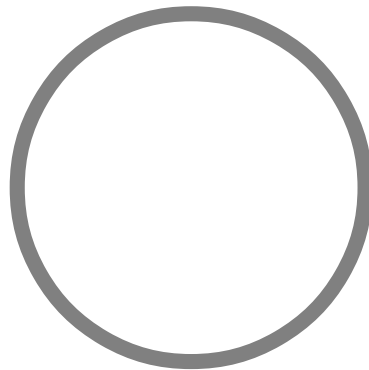

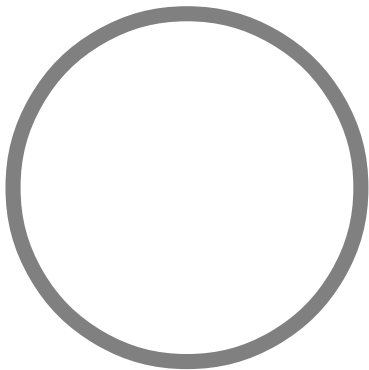

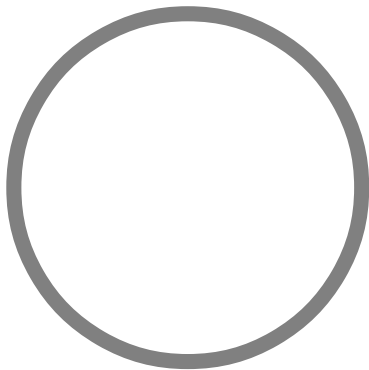

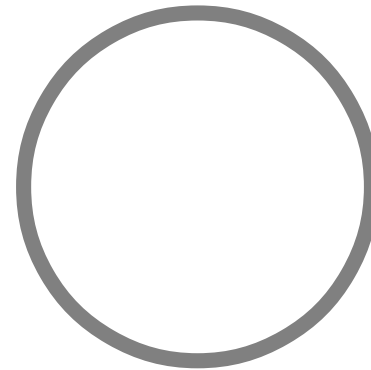

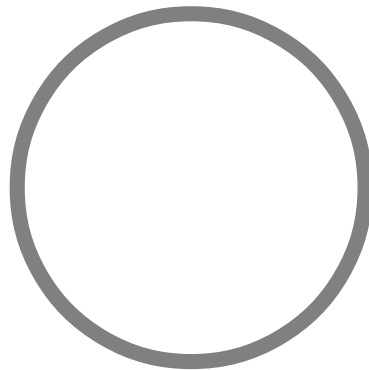

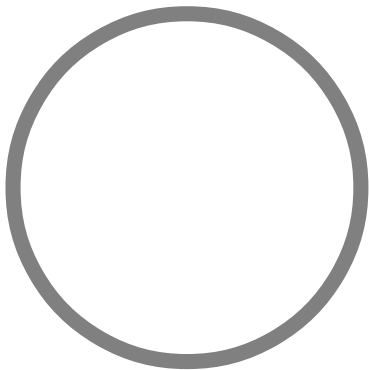

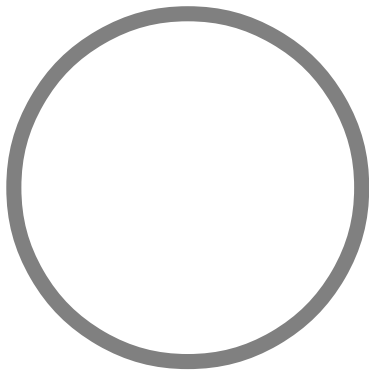

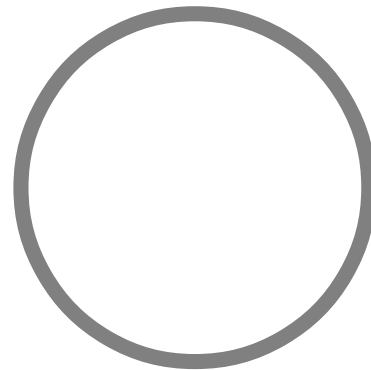

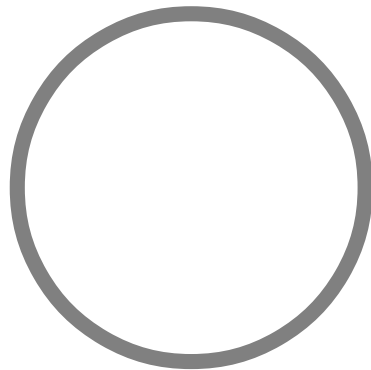

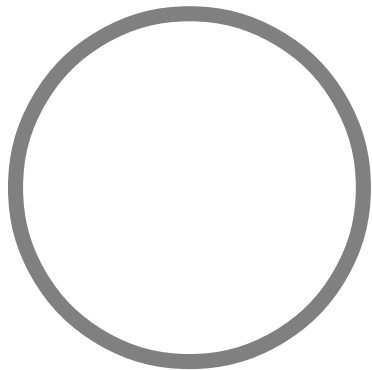

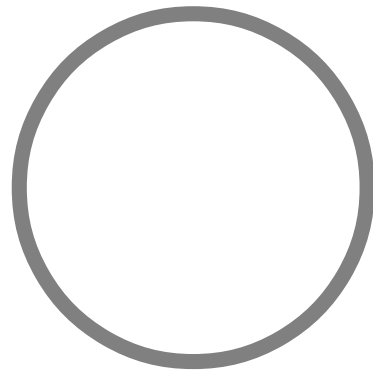

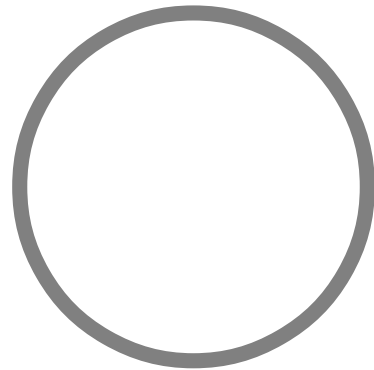

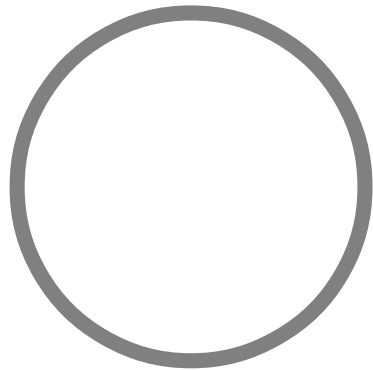

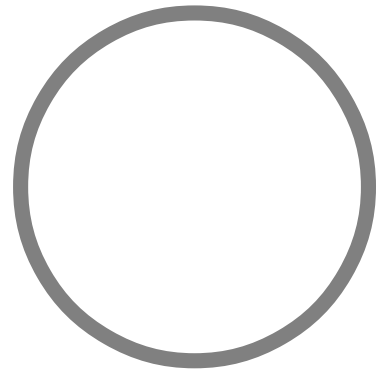

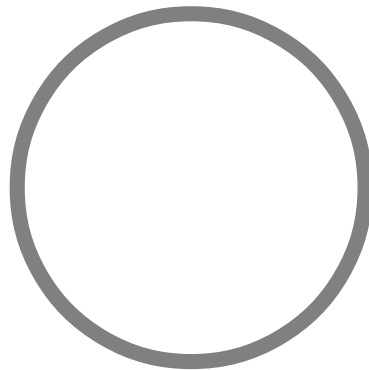

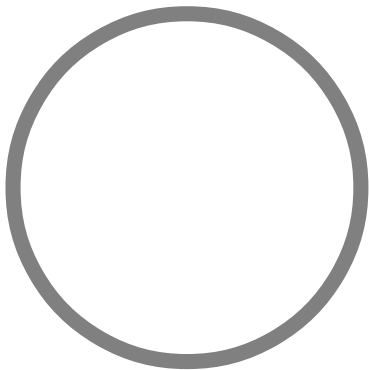

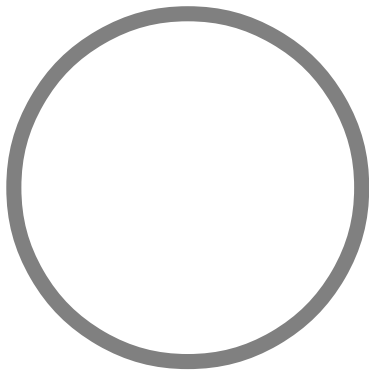

BONNE JOURNÉE !
